Projects are an intrinsic part of the program. Here are some examples:

- **January**
  - Student-generated
  - Focus on soft skills

- **June**
  - Commissioned by external enterprise or organisation

- **Team-building**

- **Certifications**
  - SAP
  - Agile
  - IPMA

- **French business environment**

- **Emerging Technology**
All students must complete a 6-month internship in a company or organisation in France or abroad. The internship takes place some time between July and March of the second year of the program.

Here are some of the companies where our students have worked:
• At the end of the internship period students produce and defend their Master’s thesis
• During the internship/thesis period the students have both an internship supervisor and an academic tutor
• Examples of theses:
  « IT Outsourcing and a Global Digital Workforce »
  - C. Harten, Hamburg, 2013
  « Virtual Team Mechanics and Knowledge Management Systems »,
  « How machine learning helps businesses evolve: with a case in medical diagnosis”
  - A. Chegunian, Paris 2017
