GRADING SYSTEM OF ESIEE PARIS

EVALUATION OF COURSE UNITS

For each course unit, a mark and a grade representing the level of skills acquired are determined.

Mark points are calculated over 20 points.
A minimum of 10 points is required to validate the course.

The grade, from A to E, in case of success, or FX to F, in case of fail, represents the ranking of the student among the group of students within the course unit.

GRADE	MEANING	STATISTIC DISTRIBUTION	ACHIEVEMENT*	GPA*
A	Excellent	10% best students	90% of the expected skills	5
B	Very good	25% of students	80% of the expected skills	4
C	Good	30% of students	70% of the expected skills	3
D	Fair but with significant shortcomings	25% of students	60% of the expected skills	2
E	Performance meets the minimum criteria	10% above threshold	50% of the expected skills	1
FX	Some more work required before the credit can be awarded		additional work is required	
F	Considerable further work is required		it is necessary to relearn the basics	0
N	Didn't attend the exam			

*Indicative information for comparison to other grading systems only.
GPA: Grade Point Average / CGPA: Cumulated Grade Point Average
Mean CGPA of a standard population is 3/5.

Once the evaluation of a course unit has produced a mark, the two indicators (the mark and the grade) are given to the students.
